MEMO ENDORSED

Re: United States v. Tarrel Grant
07 Cr. 877 (LTS)

Dear Judge Swain:

This letter is respectfully submitted on behalf of my client Tarrel Grant, to request that the Court grant an application to modify the current bail conditions by removing the requirement of reporting to Pretrial Services.

Mr. Grant has already signed, and the Government has submitted to the Second Circuit Court of Appeals, a stipulation to permit withdrawal of the Government's appeal. Once that is granted and a mandate is returned to the District Court, the Government will move to dismiss the indictment. This application was discussed during the last conference May 16, 2008, and the Government had no objection.

Thank you for your consideration of this request.

Respectfully submitted,

Robert M. Baum
Assistant Federal Defender
